

Lodi Petite Sirah

Our 2005 Petite Sirah is our second vintage from the Mencarini Vineyards here in Lodi. These young vines are not only a proud item for us in the wine market, but also help make our newhome so special... they make up 20 of the 40 acres surrounding our new tasting room on Turner Road. Since its release, our Petite Sirah has been known as the boldest wine in the Abundance portfolio, why not make a similar statement with our tasting room on it's soil?

The dark boysenberry color of this wine is enough to gain the interest of any connoisseur. On the nose our Petite presents aromas of currants and coffee followed by an essence of berry preserves. The flavor profile is present at first sip presenting an abundance of ripe black plums and boysenberries. Our Petite Sirah is very well balanced with strong flavors and soft tannins, you won't mind having a second glass.

This wine would be best enjoyed with any variety of hearty dishes featuring beef, lamb or even your favorite grilled eggplant recipe.... Cheers!!!
